City: Tripura, India

Career Objective

Motivated Computer Science student with knowledge of C, C++, Java, Python and web technologies. Interested in research and software development. Seeking an internship opportunity to apply programming knowledge, analytical thinking, and problem-solving skills while gaining practical experience.

Education

Bachelor of Technology (Computer Science) ICFAI University Tripura Year: 2nd CGPA: 8.72

Higher Secondary (Class XII) Sunflower English Medium Academy Board: TBSE Year: 2025 Percentage: 81.2

Secondary (Class X) Sunflower English Medium Academy Board: TBSE Year: 2022 Percentage: 92

Technical Skills

Programming Languages: C, C++, Java, Python

Web Technologies: HTML, CSS, JavaScript

Concepts: Data Structures, Algorithms, Object-Oriented Programming

Tools: GitHub, VS Code

GitHub Repository Work

Banking System Implementation (Java)

- Implemented a basic banking system using Java.
- Practiced Object-Oriented Programming concepts such as classes and methods.
- Implemented simple functionalities like account operations and logical program flow.
- Developed as part of programming practice and GitHub repository work.

Certifications

- Deloitte Australia – Cyber Job Simulation (Forage)
- Get Started with Google Workspace Tools – Skill Badge
- Get Started with Cloud Storage – Skill Badge
- Get Started with Pub/Sub – Skill Badge

- The Basics of Google Cloud Compute – Skill Badge
- Introduction to IoT – Cisco

Relevant Coursework

- Data Structures and Algorithms
- Object-Oriented Programming
- Programming in C/C++
- Web Development Basics

Soft Skills

- Problem Solving
- Analytical Thinking
- Teamwork
- Communication Skills

Interests

- Learning new programming technologies
- Exploring software development and research
- Problem solving and logical thinking
